

THE DIVERSITY FUND OF ACORN HILL

Acorn Hill offers a grant program available to families with children of underrepresented racial/ethnic groups. These grants are offered to encourage families of color to join the Acorn Hill school community and help us meet one of our educational goals - achieving the diversity of our Silver Spring community. In doing so, Acorn Hill is consciously increasing its student diversity.

Specifics about the Diversity Fund:

- It is independent of financial need
- Parents must apply to the fund (see below for details)
- Each year, underrepresented racial/ethnic groups may change, therefore, priorities may change
- Funds are limited, and will be offered among all applicants who qualify on a first-come, first-served basis

We are currently offering the Diversity Grant to children of African descent that currently are underrepresented at Acorn Hill. We invite families of qualifying children to apply. The Diversity Fund grants are available for each child enrolled. The annual amount that each child may receive is up to \$4,500 for the 2021-22 school year. There is a limited amount of Diversity Fund funds. Diversity fund grants are made annually and families must make a new request to the fund each year.

PROCESS

Applications for the Diversity Fund are due February 1st. Parents are asked to complete our Request for Diversity Grant form (see below) and return it to the Business Office by February 1 for the following school year. Grant letters will be sent directly to families in early March notifying them of the grant amount. The grant is applied monthly to reduce the amount due for tuition installments billed on our monthly tuition statements. If a family is also applying for tuition assistance, the amount they receive from the Diversity Fund will be considered in the decision.

We will accept requests for Diversity Grants past the Feb 1st deadline in the event that we have Diversity Fund funds still available. However, all requests are handled on a first-come, first-served basis, and grants will be awarded only if budgeted funds are still available.

If the total tuition for a child is reduced during the school year due to changes in program enrollment, the grant amount will be proportionately reduced automatically. However, if the tuition increases due to a change/addition of programs, a new request must be submitted for the additional tuition. Additional grants will only be considered if budgeted funds are still available.

These grants are given to children of African descent without consideration of financial need; therefore, if additional financial assistance is needed, families can apply to our need-based Tuition Assistance Program.
