THE DIVERSITY GRANT OF ACORN HILL

2023-2024 School Year

Acorn Hill offers a Diversity Grant to children of African descent. We invite families of qualifying children to apply. The Diversity Grant is available for each child enrolled and may cover up to \$3,000 of tuition for the half day program and \$4,500 for the full day program.

Specifics about the Diversity Grant:

- It is independent of financial need
- Parents must apply to the fund
- While we strive to offer grants to all students, funds are limited, and will be offered among all applicants who qualify on a first-come, first-served basis

Applications for the Diversity Fund are due February 1st. Grant letters will be sent directly to families along with their acceptance package. The grant is applied monthly to tuition installments invoices. If a family is also applying for tuition assistance, the Diversity Grant will be considered in the decision.

We will accept requests for Diversity Grants past the February 1st deadline in the event that we have funds still available.

These grants are given without consideration of financial need; therefore, if additional financial assistance is needed, families can also apply to our need-based Tuition Assistance Program.
