THE DIVERSITY GRANT OF ACORN HILL 2027-2028

Acorn Hill offers a Diversity Grant to black children of African descent. We invite families of qualifying children to apply. The Diversity Grant is available to each child enrolled and may cover up to $3,000 of tuition for the half day program and $4,500 for the full day program.

Specifics about the Diversity Grant:

- It is independent of financial need
- Parents must apply to the fund
- Funds are limited and offered among applicants who qualify on a first-come, first-serve basis

Applications for the Diversity Fund are due January 29th. Grant letters will be sent directly to families in early March notifying them of the grant amount. The grant is applied monthly to reduce the amount due for tuition installments.

We will accept requests for Diversity Grants past the January 29th deadline in the event that we have funds still available.

These grants are given without consideration of financial need. If additional financial assistance is needed, families can apply to our need-based Tuition Assistance Program, in which case the amount they receive from the Diversity Fund will be considered in the decision.
